REVIEW OF MARKETS

Stocks, Money, Exchange, Bonds, Grain, Cotton, Provisions, Etc.

Are Closing Sales Each Day.

New York, Oct. 16.—The stock market to-day demonstrated convincingly how large a short interest had been eliminated in the course of yesterday's wholesale demand for stocks and the supporting influence of this element deprived the buil poois of a very effectual source of strength. The notable buying of the day was in Union Pacific, in which transfers of 1,009, 1-200 and even 3,000 share lots were frequently recorded on the tape. On the frequent reactions the volume of dealings, both in this stock and in others, which were manipulated for a rise, fell away notably, leading to recurrent periods of duliness during the day. Norfolk and Western gave most conspicuous evidence of concerted efforts for a rise next to Union Pacific. But these movements by the buil party did not become prominent until after very large selling to realize had been accomplished. The closing was distinctly heavy, with prices below the best and not losses in some important stocks, while the striking net gains were confined to comparatively few cases. There was some positive weakness in People's Gas as a result of the proposition for municipal control of the selling price of the product, and some of the steel stocks gave evidence of depression. There were recessions in the anthracite coalers on the delay in the strike settlement. One large engagement of gold was announced for import, but there is a striking failing off in the number of cotton bills offering in the exchange market which promises to reduce the accumulating credits from foreign cotton buyers.

Money market conditions in New York remained unchanged to-day, but there was some renewal of an apprehension that a later money stringency might not be enlirely avoided.

The bond market showed a continuance of yesterday's improved conditions, prices generally advancing on an enlarged demand. Total sales, par value \$2,170,000.

United States refunding 2's and the old 4's advanced ½ per cent. on the last call.

The total sales of stocks to-day were 532,400 shares.

The Cotton Markets.

NEW YORK COTTON MARKET.

New York, Oct. 16,—Cotton—Futures opened steady and 4 points lower to 6 points higher on the first call. Later ruling of the market showed a lack of confidence on the part of all classes of traders, the market early in the day unfavorably influenced by exceedingly disappointing adivces from Liverpool. It was thought before our market opened that the first sales here would show a decline of at least 15@20 points. The fact that our market did not do so was very largely attributed to covering and also to some pretty good buying by some very substantial houses on the theory that prices had declined too rapidly. January, the most active position, opened at 9.17, then broke to 9.12, and later railied after many ups and downs to 9.31, with the price for thia position finally 9.12. There was a very fair volume of speculation, with considerable buying on the reaction theory. Closed easy at a net loss of 2 to 12 points, having gone off in the last half hour under general selling and fears of weak cables to-morrow. New York, Oct. 16.—Cotton futures opened steady at the decline. November, 9.25; December, 9.20; January, 9.17; February, 9.12; March, 9.13; April, 9.13; Mary, 9.14; June, 9.14; July, 9.10; July, 9.07; August, 8.94.

'HONORING LIFE SAVERS.

Yesterday's Baltimore Sun says:
"Captain Wetherell, well known here
as master of the British steamer Vittoria, now at Norfolk from Shields, is
the owner of a valuable honor conferred on him by the Emperor of Germany. When in England he was presented with a magnificent watch in
recognition of his reseue of the second
officer and two seamen who had gotten adrift from the Hamburg-American steamer Bulgaria, which was in an
almost sinking condition. Captain
Wetherell landed the boat and men at
Baltimore. The Bulgaria reached the
Western Islands in a bad condition.
The watch was a personal gift from
the German Emperor. His picture is
inside the case. Second Officer Fisher,
of the Vittoria, also received a watch,
and the four scamen in the rescuing
boat were given £8 each. Captain
Wetherell is a resident of Brooklyn,
